**RESPECTFULLY PRESENTING PETITION FOR ACTION OF COURT FOR CAUSE AS FOLLOWS:**

The defendant commenced pre-trial supervision on December 19, 2013. During the term of supervision, she has largely complied, although she did test positive for marijuana on one occasion. The defendant worked for several months and has not incurred any law violations. She continues to care for her 3 year old daughter and is currently 8 months pregnant. Her pregnancy has caused significant swelling of her ankles which has caused problems maintaining a proper fit of the transmitter. Additionally, the defendant is scheduled for a caesarean section on October 27, 2014, at which time the location monitoring transmitter will have to be removed. In consideration of the defendant's compliance, low risk to the community, and pending surgery, it is recommended the condition requiring electronic location monitoring be removed.
